

Sinkers Iron Cheek 451

Friday, May 20, 2011

11:23 PM

Sinker goes the extra mile!
The Iron Cheek 451
Saturday June 4th
6:30AM
Paradise Harley-Davidson

We're Gonna meet up with Roger and Ride.

[RSVP for the Iron Cheek 451 here](#)

Dear Layton,

It's a privilege to lead this ride. It was created and lead for a number of years by one of our long time members Greg Stamm. Greg loved this ride but I love it more, and since I am the ride leader this year, I had to make it just a little better than anything Greg took you on. So welcome to the Iron Cheek 451. Your going to love the extra mile.

It's not for the faint of heart or the soft in the backside. It is a long distance and demanding ride of 451 miles. There will be a lunch stop, but I recommend you have a hearty breakfast at home. We will be out in the wheat fields, forests, canyons, and dusty broken-down towns of Oregon. There are no words for the ecstasy this ride provides... Come see for yourself.

But there's more to this ride and the story that follows. A gentleman named Roger Smith recently purchased a new Harley-Davidson at Paradise. Roger also joined the Sunset Chapter and mentioned he was looking forward to meeting us and going on some rides. What's unique is Roger lives in Condon Oregon a mere 160 miles away. But that's not stopping

him. He has been riding for over 55 years and has confirmed to attend Group Riding Class with Sam on May 28th.

Since my ride is going right past him, he's gonna hook up and ride with us for the rest of it. Take a moment to read about Roger below. I have yet to meet him but I like him already.

This is my favorite ride of the year.

It's not for the faint of heart or the soft in the backside. It is a long distance and demanding ride of 451 miles. There will be a lunch stop, but I recommend you have a hearty breakfast at home. We will be out in the wheat fields, forests, canyons, and dusty broken-down towns of Oregon. There are no words for the ecstasy this ride provides... Come see for yourself.

See you Saturday June 4th at 6:30AM

Roger Smith

Turn's 65 this year and has ridden motorcycles continuously since he was 9 years old.

Has never not owned a bike since that age.

Just bought his 3rd Harley from Paradise and decided a trike was the next H-D for him.

Was born and raised on the family wheat and cattle ranch and still lives their today.

Married his girl friend 40 years ago and has 3 children with 5 grand children that live in Sherwood.

Still actively works the century old family farm with his two younger brothers.

Graduated from PSU in 1970 and is a Viet Nam Veteran.

Say's he loves the outdoors and riding motorcycles.

If he times it right he can accomplish two things with one trip. Visit the grand kids in Sherwood and get in a little Sunset riding too. Either way he's going to be just fine with us.
